What is Feng-shui? This is a question which has been asked over and over again for the last thirty years. Ever since foreigners were allowed to settle down on the confines of this strange empire of China, this same question has been cropping up continually here and there. When purchasing a site, when building a house, when pulling down a wall, or raising a flagstaff,--residents in the Treaty Ports have encountered innumerable difficulties, and all on account of Feng-shui. When it was proposed to erect a few telegraph poles, when the construction of a railway was urged upon the Chinese Government, when a mere tramway was suggested to utilize the coal-mines of the interior, Chinese officials would invariably make a polite bow and declare the thing impossible on account of Feng-shui. When, thirty years ago, the leading merchants of the Colony of Hongkong endeavoured to place the business part of the town in the so-called Happy Valley, and to make that part of the island the centre of the whole town, they ignominiously failed on account of Feng-shui. When the Hongkong Government cut a road, now known as the Gap, to the Happy Valley, the Chinese community was thrown into a state of abject terror and fright, on account of the disturbance which this amputation of the dragon's limbs would cause to the Feng-shui of Hongkong; and when many of the engineers, employed at the cutting, died of Hongkong fever, and the foreign houses already built in the Happy Valley had to be deserted on account of malaria, the Chinese triumphantly declared, it was an act of retributory justice on the part of Feng-shui. When Senhor Amaral, the Governor of Macao, who combined with a great passion for constructing roads an unlimited contempt for Feng-shui, interfered with the situation and aspects of Chinese tombs, he was waylaid by Chinese, his head cut off, and the Chinese called this dastardly deed the revenge of Feng-shui.
