Jacob Ruiz has a unique ability, one that the Risen, the group of humans who have evolved beyond physical death, are interested in exploiting. As the world ticks towards its end in mere days, Jacob finds himself caught between Ethan Lee, an assassin of the Management of the Overlife, and Octavia Wood, a guardian sent to protect him by the rebel Iblis. His fate ultimately rests in the hands of his friend Aelia, whose own unconscious competencies indicate that there is far more to the evolution of the human race than meets the eye.
