Not according to Michael A. Singer, who served as founding CEO of a billion-dollar corporation where this fantastic vision became a reality every day of the week. Before he was the author of *The Untethered Soul* and *The Surrender Experiment*, Singer was working at his own company exploring and refining the spiritual insights and tools he would share with millions through his best-selling books. With *The Untethered Soul at Work*, join him for a rare audio presentation on applying these insights in your own workplace. This two-part program brings you practical wisdom on 10 common business challenges, including finding fulfillment at work, the art of conscious communication, creativity and problem-solving, and much more. "Everything that happens at work is a chance for us to offer our full selves - our love, our passion, our creativity - in service of the miraculous moment unfolding before us," explains Singer. *The Untethered Soul at Work* will transform the way you think about the concept of work, while opening you to greater joy, connection, and satisfaction in your own chosen field.
